# STARGLIDER - COMMODORE 64

## Loading Instructions

### Cassette

Insert the cassette in the datacorder, and press SHIFT together with RUN/STOP and press PLAY.

### Diskette

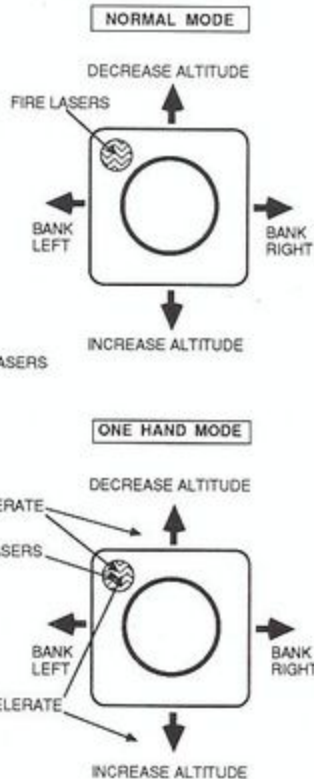

Insert the disk and type LOAD \*\*\*8,1

Once loaded, pressing FIRE will start the game.

## AGAY Flight Control

To bank left or right, increase or decrease altitude, and fire lasers, use either the joystick or the keyboard in Normal Mode, and use the keyboard to accelerate and decelerate.

When using One-Hand mode, you may accelerate and decelerate by pressing the FIRE button on the joystick and then pushing the joystick forwards or backwards.
